

Walnut Two Sided Bike Rack

Product Information & Installation Instructions

The Walnut Two Sided Bike Rack was developed with bicyclists in mind. This bike rack holds each bike vertically with enough space to prevent damage.... it is the perfect fit for wherever you need it.

The rack is constructed of continuous cold rolled steel. The contact feet are made from stainless steel to eliminate risk of corrosion. The bike rack is fully welded with no overlapping surfaces where moisture can be trapped. The bench is sandblasted to a SSPC-SP 5/NACE standard "white finish", epoxy primed, and powder coated with a "Super Durable TGIC" polyester top coat in the color of your choice.

Standard Colors: Black (BL), Blue (B), Green (G), Red (R), Brown (BR), Classic Grey (CG), Copper Vein (CV), Sierra Tan (ST), Medium Bronze (MB), Statuary Bronze (SB), Redwood (RW) and Yellow (Y).

All Premier Site Furniture products are made in America from no less than 70% recycled steel and are backed by a one year manufacturer warranty.
