

# Dwarf Willow Bench Product Information

The Bay Willow Bench brings with it a sense of practicality and simplicity. Built for durability and strength, this bench can withstand any type of weather.

The seat is constructed of continuous 1/4" cold rolled steel. The contact feet are made from stainless steel to eliminate risk of corrosion. The bench is fully welded with no overlapping surfaces where moisture can be trapped. The bench is sandblasted to a SSPC-SP 5/NACE standard "white finish", epoxy primed, and powder coated with a "Super Durable TGIC" polyester top coat in the color of your choice.

Standard Colors: Black (BL), Blue (B), Green (G), Red (R), Brown (BR), Classic Grey (CG), Copper Vein (CV), Sierra Tan (ST), Medium Bronze (MB), Statuary Bronze (SB), Redwood (RW) and Yellow (Y).

All Premier Site Furniture products are made in America from no less than 70% recycled steel and are backed by a one year manufacturer warranty.
